

AlphaWedge Foam

DESCRIPTION

AlphaWedge[®] foam is a cost-effective, high-performing sound absorption foam panel that provides strong noise reduction over a wide range of frequencies. AlphaWedge[®] acoustic foam is available 2'x 4' sheets and thickness of 1", 1-1/2", 2", 3" and 4".

AlphaWedge is Class 1 Fire Rated, comes in grey and white colors, and is easily installed with a water-based panel adhesive.

TECHNICAL CHARACTERISTICS

SIZE: 2' x 4'

THICKNESS: 1", 1-1/2", 2", 3" 4"

MATERIAL: Open-cell melamine based foam

COLORS: Grey, White

FIRE RATING: Class 1 or A per ASTM E 84
