

## SOUNDSUEDE FABRIC WRAPPED SOUND Baffles

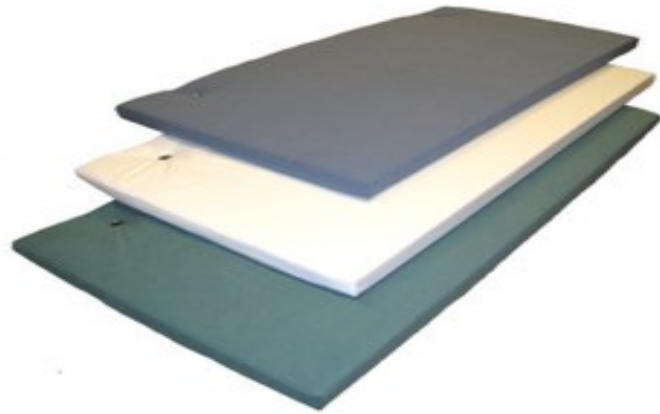

### DESCRIPTION

SoundSuede Fabric Wrapped Sound Baffles reduce sound reverberation and provide a more peaceful environment.

These baffles are constructed with a 1" or 2" acoustical core, wrapped with a soft synthetic suede fabric. Their strong sound-absorbing performance, durability and eye pleasing appearance are unmistakable.

These acoustical baffle panels are available in a wide variety of sizes, and colors.

The hanging baffles are constructed with grommets for a quick and easy installation.
