AcousticalSolutions.com

SOUNDPROOFING

The means of reducing sound pressure with respect to a specified sound source and receptor by using materials to block and/or absorb the sound.

THE BENEFITS

- Improve speech intelligibility
- Minimize disruptive reverb / echo
- Improve individual comfort levels
- Increase worker productivity
- Reduce health risks
- Additional security and privacy

CUSTOM PRINTED CEILING CLOUDS

Since 1989, Acoustical Solutions has been leading the industry by providing the products and services needed to solve our customer's noise control problems.

We are a leading manufacturer and distributor of acoustical products.

We utilize our acoustical consulting, testing, analysis and installation services to supply complete turn-key solutions.

SOUND CONTROL SOLUTIONS FOR EVERY ENVIRONMENT OF YOUR LIFE.

THE MARKETS WE SERVE

Worship
and Much, Much More....

STANDARD & CUSTOM SOLUTIONS FOR PROJECTS OF ANY SIZE

CREATE UNIQUE ARCHITECTURAL ACCENTS

THE PEOPLE WE SERVE

SITE BUILT STRETCH WALL SYSTEM

Architects | Designers | Engineers
Commercial Contractors | AV Integrators | Resellers
Federal & Local Governments | Commercial Businesses
Manufacturers | Direct Consumers

DESIGN WITH CUSTOM SHAPES & COLOR

THE SALES TEAM

Our passion is to improve sound and noise issues for our customers.

Our aim is to use our technical expertise to ensure that each customer is presented with the most effective solution for their situation, aesthetic preferences and budget.

ACOUSTICAL SALES CONSULTANTS & TERRITORY SALES MANAGERS

Acoustical Solutions employs a sales team with more than 250 years of industry experience.

The Acoustical Solutions team works to identify the perfect acoustical solution and they have successfully assisted customers on thousands of projects.

We can offer consultations based on customer supplied images and room information.

We can also determine if the project requires a site survey, room calculations or acoustic testing and analysis.

Our agents serve as a single point of contact for all aspects of a project, from start to finish.

EXPERIENCED AND KNOWLEDGEABLE

COMMERCIAL ESTIMATING

COMMERCIAL ESTIMATORS & PROJECT MANAGERS

Acoustical Solutions has an experienced staff of commercial estimators to service the commercial construction industry on specified projects.

By engaging with architects, contractors and project owners, our estimators furnish accurate and timely bids that meet project specifications and deadlines.

Our estimators analyze blueprints and technical documents to ensure the bid is competitively priced and meets the scope of the work required.

The commercial estimating department coordinates efforts between production, suppliers and the contractors for the project.

CONFIDENT AND CAPABLE

THE TESTING & ANALYSIS TEAM

Our acoustical testing and analysis team provides service to the architectural, environmental, industrial, commercial and residential markets. Our services may include testing and analysis for sound transmission loss, feasibility studies, sound mapping, noise insulation class, RT 60 reverberation measurements and other standards.

Measurements and predictions are useful tools to plan and design for applications that require sound control or need to meet OSHA, HIPAA or other sound regulations.

Architectural Room Acoustics and Noise Control

Industrial and Manufacturing Sound Survey

Mechanical and HVAC System Noise Analysis

Comprehensive Sound and Noise Surveys

Complete Noise Mapping

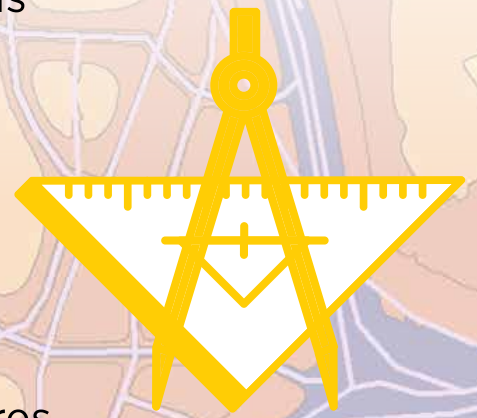

Feasibility Studies

Community Noise Surveys

Environmental Noise Mitigation Analysis

Noise Barrier Analysis

Design and Specify Noise Mitigation Measures

COMPLETE SOUND AND NOISE CONTROL SOLUTIONS

THE INSTALLATION TEAM

Solving noise control problems has been our mission since 1989. Our staff is happy to assist our customers or their contractors with questions about installation. Alternatively, we are able to supply turn-key solutions that include material and installation.

We have established a proven track record with thousands of successfully completed projects. Whether it's installing pre-fabricated materials or complete site built stretch wall, we can do it!

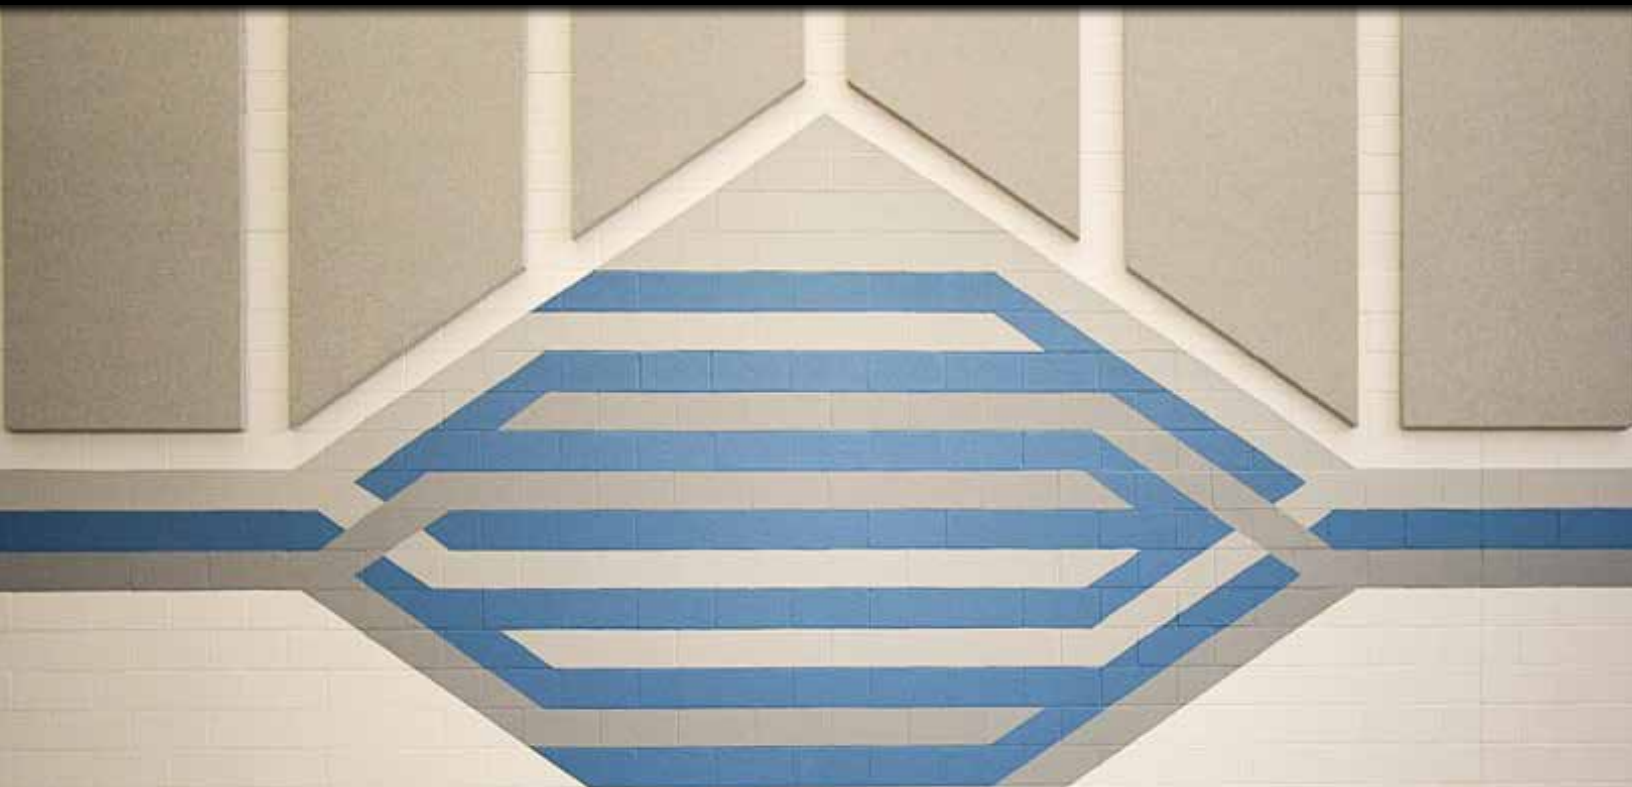

PROFESSIONAL | QUALIFIED | RELIABLE

The fabric stretch wall system installed in this dining facility offers excellent acoustic performance along with a seamless, luxurious appearance.

TACKABLE PANELS

- **Finish:** Various Fabrics
- **Sizes:** up to 4' x 8'
- **Thickness:** 5/8", 7/8"
- **NRC:** 0.25 - 0.60

ALPHASORB® HIGH
IMPACT PANELS

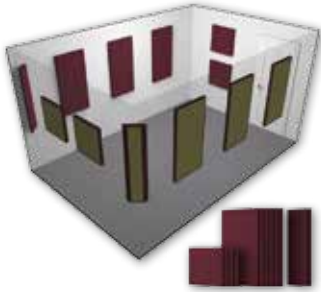

- **Finish:** Various Fabrics
- **Sizes:** up to 4' x 10'
- **Thickness:** 1-1/8", 2-1/8"
- **NRC:** 0.95 - 1.05

ALPHASORB® BARRIER
ACOUSTIC PANELS

- **Finish:** Various Fabrics
- **Sizes:** up to 4' x 10'
- **Thickness:** 1-1/8", 2-1/8"
- **NRC:** 0.65 - 0.85 **STC:** 29, 33

PRODUCTS

ACOUSTICAL PANEL AND ROOM KITS

- **Finish:** Many fabric styles
- **Sizes:** up to 2'x4'
- **Thickness:** 1", 2"
- **NRC:** 0.85 - 1.15

SONEX® ACOUSTICAL FOAMS

- **Finish:** Natural, HPC
- **Sizes:** up to 4'x8'
- **Thickness:** 1/2" - 4"
- **NRC:** 0.65 - 1.10

ALPHAPERF METAL PANELS & CLOUDS

- **Finish:** Powder Coated Metal
- **Sizes:** up to 30" x 150"
- **Thickness:** 2", 4"
- **NRC:** up to 1.25

FABRIC WRAPPED ACOUSTICAL CLOUDS

- **Finish:** Various Fabrics
- **Sizes:** up to 4'x8'
- **Thickness:** 1", 2"
- **NRC:** 0.85 - 1.15

SONEX® DESIGNER BAFFLES & CLOUDS

- **Finish:** Natural or HPC
- **Sizes:** up to 4'x8'
- **Thickness:** 2", 3"
- **NRC:** 0.85 - 1.10

ALPHAENVIRO HANGING BAFFLES

- **Finish:** PVC, Ripstop
- **Sizes:** up to 4'x10'
- **Thickness:** 1", 1.5", 2"
- **NRC:** 1.00 - 1.35

SOUND ABSORBING CEILING TILES

- **Finish:** Fabric, PVC, Other
- **Sizes:** 2'x2', 2'x4'
- **Thickness:** 1" - 3"
- **NRC:** 0.85 - 1.15

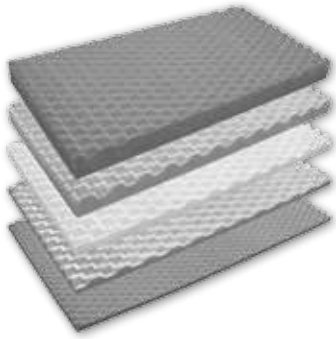

SONEX® CONTOUR DESIGNER TILES

- **Finish:** HPC Coated
- **Size:** 2'x2'
- **Thickness:** 1" - 2-1/8"
- **NRC:** 0.65 - 1.20

FLEXIBLE ACOUSTIC CEILING BANNERS

- **Finish:** PVC, Fabric, Ripstop
- **Sizes:** up to 4'x20'
- **Thickness:** 2", 4"
- **NRC:** up to 1.15

ALPHA FOAM WALL & CEILING PANELS

- **Finish:** Natural
- **Sizes:** up to 4'x8'
- **Thickness:** 1/2" - 8"
- **NRC:** 0.65 - 1.33

BASS & CORNER TRAPS

- **Finish:** Fabric, Natural
- **Sizes:** 2' or 4' high
- **Thickness:** 12" depth
- **Sabins:** 8.60 ave.

SOUND ABSORBING & BLOCKING BLANKETS

- **Finish:** Vinyl coated
- **Sizes:** up to 4'x25'
- **Thickness:** 1" - 4"
- **NRC:** 0.70 - 1.05 **STC:** 27 - 33

AUDIOSEAL® VINYL SOUND BARRIERS

- **Finish:** Vinyl
- **Sizes:** Rolls up to 4.5'x 60'
- **Thickness:** 1/8", 1/4"
- **STC:** 27 - 33

AUDIOSEAL® PIPE AND DUCT WRAP BARRIERS

- **Finish:** Reinforced-foil
- **Sizes:** 54" x 25', 54" x 30'
- **Thickness:** 1", 2"
- **STC:** 27 - 34

PRIVACYSHIELD® PLENUM BARRIERS

- **Finish:** Various
- **Sizes:** 2'x2', 2'x4'
- **Thickness:** Various
- **STC:** 5 - 27

SPEAKER & AMPLIFIER GRILLE CLOTH

- **Finish:** Various
- **Sizes:** Widths of 36", 66", 72"
- **Thickness:** Nominal

ACOUSTICAL PANEL FABRICS

- **Finish:** Polyester Fabric
- **Size:** 66" wide x linear yard
- **Thickness:** Nominal

ACCESSORIES & MORE.....

AcousticalSolutions.com

APPLICATIONS

WORSHIP FACILITIES

Sound absorption eliminates echo caused by high ceilings.

RESTAURANTS

Decrease sound intensity in open areas for more enjoyable dining.

PRODUCTION STUDIOS

Complete sound control for sound and film production studios.

CONFERENCE ROOMS

Complete fabricated wall systems that blend with the existing decor.

EVENT VENUES

Optimize engagement in shared community event venues.

RESIDENTIAL

Soundproof against neighborhood noise and enhance audio output.

EDUCATIONAL

Improve speech intelligibility to facilitate efficient learning.

OFFICES

Absorb distracting sounds for increased privacy and productivity.

INDUSTRIAL & OUTDOOR

Heat resistant and exterior grade sound blockers reduce hazardous noise transmission.
