

## AlphaSorb<sup>®</sup> QS Bass Trap

### DESCRIPTION

Our AlphaSorb<sup>®</sup> QS Bass Trap is all you need to add quick and easy broadband absorption to your room's corners. These are great for critical listening environments, home entertainment, conference rooms or any space with bass build up or flutter echo in the corners.

You can also expand or customize the AlphaSorb<sup>®</sup> Acoustic Panel Room Kit, AlphaSorb<sup>®</sup> Pro Acoustic Panel Room Kit or combine with the Alphasorb<sup>®</sup> QS Panels.

With a Class 1 fire-rating, these panels will meet building code requirements for both public and private facilities.
