### DESCRIPTION

Acoustone Speaker Grille Cloth is designed and engineered for sound transmissibility and an aesthetic appearance. The unique and versatile qualities of the speaker grill cloth makes it suitable for a wide variety of applications.

The engineered fabric construction of the fabric allows sound to pass through the synthetic threads with minimum interference. The result is a top quality speaker grill cloth engineered for sound reproduction.

Acoustone Speaker Grill Cloth is suitable for covering speakers in a range of applications including organ lofts, auditoriums, sports arenas or home audio systems.

Acoustone Speaker Grill Cloth is flame retardant, mildew proof, approved for outdoor use, has excellent fade resistance and is easily cleaned by vacuuming or washing. Acoustone Fabrics will not fray at the edges after cutting.
